PROJECTS

Daily Plans App

SwiftUI

📅 November 2023 - January 2024 📍 Reus, Spain

Developed an iOS app using SwiftUI that helps users organize their day by generating activity suggestions like reading, walking, or working on projects. The app offers an intuitive and engaging experience for users seeking daily inspiration.

WinerRul Game

JavaScript

📅 January 2023 - February 2023 📍 Reus, Spain

Created "WinerRul," an interactive casino Roulette game with smooth animations. Users spin the wheel to reveal a winning number and color ("Red" or "Black"), delivering a fun and immersive experience.

Digital Business Card

SwiftUI

📅 June 2022 - April 2022 📍 Reus, Spain

Designed and built a digital business card in SwiftUI, including my photo, profession, and contact details. This project highlights my ability to create functional and visually appealing personal branding tools.

Task Management App

SwiftUI

📅 April 2022 - March 2022 📍 Reus, Spain

Developed a task management app inspired by a shopping list, allowing users to add items, mark completed tasks, and delete lists. The app simplifies organization and enhances productivity through an intuitive interface.
